“ My sister, my dear, dear friend of 50 years...we met on Ft Ord in late Winter, early Spring of 1973. We attended Marahl ES, Fitch Jr HS and graduated from Seaside HS, along with our sisters and your brothers. We played sports especially volleyball where we learned to spike that ball with strength, power and no fear! Oh the fun and the laughter we shared!

Our families grew up together on Ft Ord, Seaside and Marina. Even though we grew up, married, had kids, our Mom's kept in touch. My Mom always told me she saw you, with your kids in the Pediatric clinic where she worked and I checked in with Mama Auelua whenever I came back home.

Though we were apart for my years, when we came back together, it was as if we had not left. We just had gained more experience, more laugh lines, had grandkids, were a bit fluffier – however our friendship was still strong!

They say that you can count your true friends on your hands. Well I am blessed to have been rewarded with 50 Golden years of friendship and love. The honor would be mine to have our friendship continue between our families.

Nani (Kili) and I attended Marshall ES.

Memory that popped up--- I remember you, Sherri and I went and played Bingo one night. Apparently the 3 of us were on the younger side (yea) and we laughed to loudly and way, way to long which upset the other bingo players in the room. While we were giggling, talking, laughing even louder, we had the audacity to win! Well shame on us!

“Nani and I were friends since 6th grade. We played sports together both in school and summer. Some reason people have told both Nani and I that they were scared of us during school but to be honest her and I had the biggest hearts that anyone could have . And both of of us were bullied in middle school. That’s what made both of us to seem tough. I got to go to a lot of their family gatherings which was so awesome. She used to try and teach us dancing. We even came up with a dance when Kung Fu Fighting came out. One of the hardest days in my life was October 1977 when my dad got orders over seas. But Nani and her sister threw us a great going away party. She always made me laugh. We had the greatest times together especially dancing. Her family has always made me feel as if I was their family. This is going to be the hardest time of my life not being able to talk to her or text. She will always be in my heart ❤️ and will always be my sister. God bless you sis will always love you girl. See you Saturday.

“ I remember meeting Nani in 7th grade at Fitch and at first being scared of her but we soon became friends and she always made sure I was safe...she never took any shit...not from anyone 😊 even the boys knew better...as we grew up our friendship became family...she always knew how to lift my spirits when I was down...always came up with the craziest things to say that would have me laughing...she definitely had jokes!!! 🤔🤔 I remember her telling me “sis I gotta teach you how to dance” I think that might have been the last time I was ever on the same dance floor with her...but I enjoyed watching her out there “shaking her groove thing”...I love you sis ❤️❤️ I’ll see you Saturday 💔💔💔
